

Dear Patrons,

HAPPY 2020! Wishing you a successful and prosperous New Year! As we look back at 2019:

We exported to over 30 countries with new approvals from PDO (Oman), Sonatrach (Algeria), and Petronas (Malaysia) apart from existing International approvals.

In the domestic market we were very active as usual with NTPC (Thermal), NPCIL (Nuclear), PDIL (Fertilizer) and EIL (Oil and Gas) projects apart from process plants. We worked on 8 different 660 MW Thermal Power projects. We executed 4 nuclear projects in India alone which is a new record.

We continue to innovate. We have once again supplied custom built Counter Weight Supports which is currently being used in one of the largest Naphtha Cracker Units in India.

We continue to expand our facilities in Tanjore with the addition of a brand new factory with state of the art machinery. We welcome your visit and would be delighted to host you.

Our NEW website will be launching next month and we will be releasing our new catalogue shortly - stay tuned!

None of this would have been possible without your patronage. Thank you!

Thanks & Regards
Navin Muthu Ram
Director
